## Evanston Sportsmen Are Prepared to Wager That Amateur Can Fly

### HYDROPLANE IS GREAT SUCCESS

Glenn Curtiss Again Flies From the Water and Lights Without a Splash.

**NEW AVIATION PRINCIPLE IS CONSIDERED SOLVED**  
Future Machines Will Land With Equal Facility on Land or Sea.

SAN DIEGO, Cal., Jan. 27.—In a four-mile flight from the water today, Glenn H. Curtiss further demonstrated the success of his hydro-aeroplane. He rose from the water with the ease that the aeroplane rises from land. He circled twice around the revenue cutter Bear and the repair ship Iris in the harbor, turning in a shorter range than he usually turns in the regular aeroplane, and descended on the water in front of his headquarters without even a splash. The demonstration today was watched by many people, both afloat and ashore. When he landed today, Curtiss declared he was satisfied, and added:

"The equipment I have used is, of course, crude, but it shows some improvement in the principle. The main problem is solved. It will now be possible to have a machine that can land either on water or on land, landing at will on either. Water always affords an open, flat space, while it is not always easy to come down on land."

There will be flying at the Coronado Country club's grounds tomorrow and Sunday, in which Curtiss, Ely, the hero of the Pennsylvania flight, Harry S. Harkness and H. A. Robinson will take part. Harkness will fly an Antoinette monoplane.

On next Monday the regular instruction of Lieutenant Ellison of the navy and Lieutenant Beck and Walker of the army will begin on North Island.

### GOOD SPORT PLANNED FOR MONDAY NIGHT

Manager Hardy (Healy) Downing of the Manhattan Athletic club received a letter from Roy Shumway, the boxing promoter of Ogden, Friday, saying that Shumway would like to send his three crack amateurs, "Kiki" Harrison, Eddie Mathewson and "Indian Tommy" to Salt Lake City to "clean up" the champions of the Manhattan club.

Downing says that the Junction City men can do all that is wanted, and that for Monday night's card at the Manhattan club the best boys available will be signed up to box, and the winners of the bouts will be pitted against the Ogden boys the following week, provided the date suits Shumway.

Harrison, weighing 122 pounds, and "Indian Tommy," 116 pounds.

Bishop and Carpenter will probably box at the Manhattan club Monday night, and the winner of this match should give Harrison all that he cares to handle.

George Knight and "Eddie" McCarthy will go after each other to see which one will box Mathewson. Knight should make Mathewson realize that he is in the ring all the time.

Eddie Hadley and "Dodo" Reiser will go in the bantamweight class. Either of these boys would undoubtedly make a good match for the Ogden boy of the same weight.

There are two other good bouts, ought to round out one of the best amateur cards ever seen in Salt Lake. Boxing fans are assured some real entertainment next Monday night.

Joe Clark, the popular local welterweight, who started his boxing career in Salt Lake a few years ago and who has been in California cleaning up the amateurs, will be seen in action Monday night for the first time since his return to Salt Lake.

### ORGANIZE ANOTHER LOOK FOR BIG FIGHT

### BASEBALL CIRCUIT WITH BALL MAKERS

Cities of Inland Empire System Will Be Included in the New League.

SPOKANE, Jan. 27.—Plans have been completed for the organization of a baseball league to be known as the Inland Empire league, with the following towns of the Inland Empire system represented: Coeur d'Alene, Rosalia, Colfax and Spokane. Protection will be asked from the national association under the class "D" rating.

Manager Denno of the lake city team is the promoter of the league, and stated this morning that all arrangements have been made for the opening of the organization April 8.

It is planned to arrange a schedule for two games each week and the season to close September 24. Double headers will be played on all holidays and games will be played Saturdays and Sundays.

Manager Denno of the Coeur d'Alene team has signed a fast bunch of semi-professionals and is confident that the league will come up probably a strong contender for the pennant. Leach, who broke his leg last season, will be back in the game. If he is in form he is one of the best slab artists in this section of the country.

Tom McManus will have charge at Rosalia and has been at work for the last month signing up players. He has a number of local men who should make good, and with several of the cracks from Spokane he will have a strong team.

Dan Binnard will be the leader of the Whitman county club, and with his experience he will no doubt have a team that will be a strong contender for the flag. Ripley will probably be his first string pitcher, and when he is going good he is a hard man to beat.

Harry Kingsbury of the Hovers-Schiffner team will be the leader of the Spokane team and has already signed sixteen men. He had one of the fastest independent aggregations in the inland empire last year and has most of the stars signed for the coming season. No games will be played in Spokane while the Indians are playing at home.

The Recreation park grounds will be used by the league while the Northwesters are on the road. Coeur d'Alene has a fine field, as has Colfax, and it is planned to build a new park at Rosalia. A meeting will be held some time next month, officers will be elected and a schedule arranged for the league.

## FRANKIE BURNS WINS VICTORY

Jersey City Bantamweight Puts It All Over Digger Stanley in Ten-Round Bout.

### LITTLE FIGHTERS WEIGH IN AT HUNDRED SEVENTEEN

No Decision Allowed, but Popular Vote Is Almost Unanimous in Favor of Burns.

NEW YORK, Jan. 27.—Frankie Burns of Jersey City out-fought and out-pointed Digger Stanley, English bantamweight champion, in a ten-round bout before the National Sporting Club of America tonight.

The British champion had the advantage of height and reach, and in the clinches used the kidney punch with effect. He was inclined to wrestle and was eventually worn down by Burns's body blows and hitting.

Burns had the better at the start and began his body blows tactics in the first round, while Stanley swung rather wildly for the head. In the second Stanley went a left and right to head and a left to body and had a shade the better of the round. Burns' terrific fighting in the third and fourth gave him all the better of the round, and Stanley's holding kept the referee busy. The Britisher showed to better advantage in the fourth.

Burns put hard rights to the stomach in the fifth, but Stanley escaped serious damage by never footwork.

He was fast on his feet in the sixth.

In the seventh Burns forced the fighting with blows to the head and body. Stanley tried for the head several times in the eighth, but generally missed.

In the ninth Burns' left and right to the body sent the Englishman to Burns, and the referee had to drag him off. Both entered the ring full of fight for the final round.

At a break from a clinch Burns received a blow to the shoulder which sent him to the ropes, but he was soon back with a clinch. He clinched often and there were few blows thereafter until the going.

When no decisions are allowed here, the popular verdict went to Burns almost unanimously. Both weighed in at 117 pounds.

### GOTCH SAYS HE'S NOT GOING AFTER LEMONS

MINNEAPOLIS, Jan. 27.—Frank Gotch, world champion wrestler, while he had considerable to say about the wrestling situation, Gotch merely laughed when told that reports were being circulated to the effect that he was dodging Mahmoud and Hackenschmidt.

"If they can advance any reason why I should dodge either of these men named then I'll quit for good," said the champion. "I made Hackenschmidt quit and throw Mahmoud in a hurry. Why should I be afraid to meet either of them?"

I announced some time ago that I would meet the winner of a match between Mahmoud and Hackenschmidt. However, the Russian said that he would meet the Turk. Why? There must be some good reason. I believe that the Turk can throw Hackenschmidt, but if the Russian will go after and throw Mahmoud I will give him a chance at the champion. I am back in the game good and strong, but I don't intend to allow the foreign colony to tell me whom I shall meet first. I have signed to meet Henry Ordemann in a flesh match in Kansas City February 8 and I guess that shows that I am not going after the champion. I am not going after Mahmoud. I would meet Mahmoud, so I could go out and beat the winner."

### M'CURDY WILL TRY LONG FLIGHT TODAY

Aerial Trip From Key West to Havana Postponed on Account of Winds.

KEY WEST, Fla., Jan. 27.—Weather forecasts tonight are for light winds tomorrow, and Aviator McCurdy expects to start on his Key West-Havana flight, which was again postponed today.

When a torpedo-boat destroyer went out into the gulf and reported an eighteen-mile breeze, McCurdy, anxious to make a trip to the harbor in a boat to confirm the report, was turning, he announced the flight was off. Early tomorrow morning the United States destroyer will again take the positions in the gulf to report weather conditions.

### JACK HOGAN LOSES ON FOUL IN THE TWELFTH

SAN FRANCISCO, Jan. 27.—"One Round" Jack Hogan of San Francisco failed to show championship class in his fight with Frankie Burns of Oakland tonight at Dreamland. Hogan was his opponent to stay eleven fairly even rounds, losing to him in the twelfth on a foul.

Hogan was palpably unable to penetrate Burns' defense and his tactics earned him repeated warnings from Referee Jack Welch. He finally backed out of the ring and the decision followed.

### APPLYING FOR STALL ROOM AT TERRAZAS

JUAREZ, Mexico, Jan. 27.—With the anticipated early closing of the Oakland track, horsemen are beginning to apply for stall room at Terrazas park.

### Aviator Herds Cattle

HOUSTON, Tex., Jan. 27.—It is no longer Rene Simon, the aviator, but Rene Simon, the cowboy. Known to two continents on account of his daring, the little French aviator this afternoon added new laurels to his record when, for the first time in the history of aviation he demonstrated that herding cattle with aeroplanes is possible.

Simon left the aviation field and, heading across the prairie, darted directly for a herd of cattle grazing half a mile away. Cowboys were arriving preparatory to rounding up the animals, when Simon bowed down and, circling around the field, started to take them away. I think hundreds of persons interested in the new sport will visit Salt Lake on the day of the meet. Mix's offer to fly here was immediately accepted by the promoters and his name was placed on the programme with the flying arranged for the three days of entertainment.

### Look Over Proposed Field.

James Wade and Benjamin Tibby, two air show boosters, spent Friday afternoon looking over the proposed aviation field, about a fifteen-minute car ride from the business section of the city. At aviation headquarters Friday night Tibby said:

"Barrington park, where the flights are likely to be held, is a much better spot for holding a meet than we expected to find. There are many acres of level ground available for the purpose and I do not believe the ground will be too soft at any time. However, we will go tomorrow to look over a tract that has been suggested to us. By tomorrow night we will probably be ready to announce the exact place where the show will be held."

### Big Grand Stand to Be Built.

The promoters of Salt Lake's first big meet will hold a conference this morning with architects and engineers in regard to plans for the mammoth grand stand to be erected on the aviation grounds. It is planned to construct a stand that will seat not less than 10,000 persons. ### QUAKER FIGHT FANS PUT BAN ON FULL DRESS

PHILADELPHIA, Pa., Jan. 27.—Jack O'Brien, manager of the American Athletic club, must eliminate "Tony" Biddle as a referee and give real battles in the open ultimatum delivered by fight fans. The last bouts were bad, and Biddle appeared in the ring in evening clothes. At first he was "joshed" about his bad suit. Later the "joshing" turned into a serious matter. In attempting to break the men, Biddle refused to go between them. In the third round Biddle accidentally was the recipient of a blow from the fighter, who threw the ball through the fence. Biddle has also signed a Salt Lake track.
